Dear Parents,

Greeting from TMPIS SURAT!!!

We take this privilege to thank all the parents for your unreserved cooperation, in two months' time we are going to end this academic session, we the staff did everything possible with our abilities, we don't claim that we have done everything perfectly, but whatever we could, we have done wholeheartedly. Once again we thank you for your support, which means a lot to every staff member. Let us continue this wonderful partnership with great understanding and commitment, which will change positively the lives of our children in this wonderful institution.

Let us keep in our mind, that we will be conducting annual sports on the 9th and 10th of February. since there is a lack of time we will be celebrating the annual program in the next academic session. We deeply regret this missed opportunity for the students. We will be careful in our planning in the next session so that we can accommodate both the annual sports and the annual program. From bottom of my heart, I would like to thank all the parents for witnessing all the wonderful programs celebrated in this academic session by the students.

We promise you that we will not compromise on any matters pertaining to the student's affairs, we will continue to work as a unit and dedicate our services to the betterment of students and parents at large. We have brought a few positives this year and we will definitely improve comprehensively in all aspects of the school in the next academic year. I would like to thank all the parents who visited us on this PTM. May God Bless you all.

Note : As we have already announced that Annual Sports will take place on 6th and 7th February 2023, but we regret to say that due to arrangements to be made on the playground for the safety of the students , we will be having Annual Sports on 9th and 10th February 2023 so that students can take rest on Saturday and Sunday. Regular School will go on from 6th to 8th February 2023 and we assure the parents that there is ample time to cover the portion and also to revise for the final examination.

Regards
