Dear Parents

Greetings to you!

We hope you and your family are safe and healthy.

I am sure your wards are engaged in virtual learning which is being conducted so that the students do not miss out on academics during the lockdown. We have been communicating the schedules and relevant information with you regularly. We have received positive feedback from students, parents and teachers on our e-learning programme. We shall continue to work towards improving the effectiveness of e-learning. We are ensuring that necessary safety features are enabled to ensure that children and teachers are safe during the e-learning sessions.

We at T.M. Patel International School understand and believe that it is important to interact with children, keep them motivated, connected to their peers and provide them engaging activities that will keep them occupied and interested especially during the present time. We also believe that children need a break from academic rigour from time to time.

The Summer E-learning programme has been introduced for this reason. This will comprise of fewer online e-learning so as to provide the necessary break to children yet keep them effectively motivated and occupied.

I am sharing the schedule of your ward. This will help you in planning your ward's weekly schedule so that he/she can make the best use of his time.

Pre-primary Time Table Schedule
