

TMPIS/CIR/08/2020-21

Date: 30th May, 2020

Dear Parents

Greetings!

We hope you and your family are safe and taking care of yourselves.

We have been working towards ensuring that our students continue to learn during the physical closure of schools. We are continuing with our endeavour to keep our learners motivated, engaged and connected to their peers.

As we commence classes in the month of June, I am happy to share with you details of the academic and co-scholastic programmes designed to promote a holistic learning experience.

In addition to the core subjects, the following are being added as part of virtual learning:

- Physical Fitness
- Art and Craft
- Music/Dance
- Story Telling/Library
- Life Skills
- Computer

The Course Book and Application Book of grades Nursery to V are available on the Home App while for the ones for grades VI to VIII can be accessed on the Active App.

The time table for virtual learning of your ward along with the home work time table is uploaded in the Parent App. Classes will be conducted as per the time specified in the time table and home work will be assigned as per the home work time table. We seek your co-operation in ensuring that the home work is completed by your ward and uploaded on the Parent App.

The attendance of the students will be marked for each day they attend virtual classes and will be used for all official requirements.

The programmes that will be implemented are as below:

Programme	Grades
Star of the Week	Nursery to IV
Motivational Pyramid	Nursery to IX
Quality Circle Time	Nursery to IX
English Language Enrichment Programme	I to VIII
Middle School Mathematics	VI to VIII

In addition to the above, the STEM-AT-HOME programme will continue.

You are our partners in our endeavour to help our learners achieve academic excellence. Hence, a Monthly Academic Plan is shared in the Parent App. This plan will include chapters of all the subjects that will be taught in the month.

The teachers are constantly working on making the teaching learning process engaging and effective through use of activities, power point presentations, videos etc. A quick check for understanding during each session enables them scaffold the learners. The teachers shall also share the notes of each chapter through the Parent App.

To support our learners who miss a session or need additional support, Additional Support Sessions are being scheduled.

Students' well being is of utmost importance to us. The teachers will be speaking to the students on various aspects related to their well being during Quality Circle Time that will be conducted in the Life Skills period. Sessions on Health, Safety and Safeguarding will be conducted to ascertain that our learners are well aware and equipped with skills required to handle situations suitably.

As we do all of this, we solicit your support in ensuring that the students adhere to the points mentioned below and benefit from these classes.

- Be ready before the classes commence
- Eat your breakfast before classes commence
- Log in into the classes on time
- Sit in a well-lit and quiet place
- Maintain good posture during the classes
- Be attentive and alert
- Follow the instructions given by the teachers
- Keep the audio and video on or off as advised by the teachers
- Be prepared for the classes by revising what was taught in the previous class
- Listen carefully, respect the speaker and wait for your turn to speak
- Participate in the class discussions and activities
- Ask questions and clarify doubts
- Complete the assigned home work
- Use the breaks between classes to rest your eyes
- Do not eat or drink anything during classes
- Attend all classes as these topics will not be re-taught

I also request your co-operation by following the below mentioned points:

- Speak to your child about what he/she learns each day
- Monitor the work being done by your child
- Help him/her revise the taught content
- Ensure the assigned work is completed
- Be present during the classes only if your child needs support

Let us remember schools are closed, learning is not!

Looking forward to your continued co-operation.

Best Regards`

Principal

Ms. Sudha Murugkar
