

TMPIS/CIR/51/21-22

Date : 8th September, 2021

Dear Parents and staff,

Greetings to all!

Social-emotional learning is the process of developing the self-awareness, self-control, and interpersonal skills that are vital for school, work, and life success. People with strong social-emotional skills are better able to cope with everyday challenges and benefit academically, professionally, and socially. From effective problem-solving to self-discipline, from impulse control to emotion management and more, Social-emotional learning provides a foundation for positive, long-term effects on kids, adults, and communities.

You are cordially invited to attend a Webinar on 'Socio-emotional Learning' on **8th September 2021 [Wednesday]** which would focus on:

- Discussing some psycho social issues in children and adolescents.
- How do such issues affect your child's behavioral, academic and personality growth.
- Importance of building socio-emotional skills, helping our children to cope with such issues.
- Role played by parents in tackling such situations and improving your child's emotional and mental wellness.

Please find the details of the webinar below:
