Circular: A Joint Effort to Stop Bullying and Ensure Student Well-Being

TMPIS/2025-26/040

Date: 11 November 2025

From the Principal's Desk

Dear Parents,

Greetings from T. M. Patel International School!

Bullying has increasingly become a serious concern in today's times, and as a school community, we must address it with utmost seriousness and sensitivity.

I earnestly urge all parents—**if your child tries to share something with you, please listen attentively and bring it to our notice immediately.** We, at school, are committed to looking into every concern and matter that comes to our attention.

To the parents whose child may be **facing bullying**, please do not hesitate to inform the school authorities the moment your child shares anything of this kind. Your timely communication can help us intervene early and ensure your child's emotional safety.

To the parents whose child may be **engaging in bullying behaviour**, I sincerely request you to have an open conversation with them about the seriousness of such actions. Please help them understand that bullying causes deep emotional harm. We are constantly counselling such students at school, but parental guidance and support are equally important.

I also urge all parents to take out a few moments each day to **interact and communicate with your child**, understand their emotional world, and offer them your time and attention. Together, as school and parents, we can create a **safe, compassionate, and respectful environment** where every child feels valued and supported.

Let us work collaboratively for the **betterment of our students, our school, and our society**, nurturing children who grow into **kind, empathetic, and responsible human beings**.

We are always at your service and remain devoted to nurturing discipline, empathy, and excellence in every learner.

Warm regards,

Mr K Maxwell Manohar

Director/Principal
